

AOA CAMPAIGN FOR TOMORROW

C. McCollister Evarts, MD, FAOA and the Development/Donor Support Committee are thrilled to acknowledge the successful completion of the Campaign for Tomorrow! The original goal was to raise \$8 million by June 2023 and the Campaign for Tomorrow raised a total of \$10.2 million. We are grateful to all donors who have given generously to provide sustainable funding for AOA programs and help educate future generations of orthopaedic leaders.

As of September 30, 2023

Donors for the Campaign for Tomorrow

Thank you to the following donors for their gifts and pledges which directly benefit AOA leadership programs.

With such a select membership, each individual's contributions to the specialty and to the AOA make a significant difference and impact upon the AOA's ability to expand and enhance programming that benefits the orthopaedic community.

Jon Abbott, MD
