

Tom McPartland, MD, FAAOS, FAAP, and newly FAOA (!!) graduated from Princeton University In 1997 with a bachelor of arts in molecular biology. He attended medical school and completed orthopaedic surgery residency at Rutgers-Robert Wood Johnson Medical School. He completed a fellowship in pediatric orthopedics at Children's Hospital Boston in 2007. Always the Jersey boy, Dr. McPartland returned to his home state and joined the faculty at the Rutgers-RWJ residency program where he serves as co-director of the pediatric orthopaedic training program. While he treats most conditions, his career focus is hip preservation, neuromuscular disorders, and limb deformity.

Dr. McPartland has a strong interest in education. He lectures regularly in several clinical departments on topics of educating residents and medical students. In 2014, he joined the faculty of the AAOS Course for Orthopaedic Educators. He is an active member of the AAP Section on Orthopaedics and chairs the Musculoskeletal Boot Camp program. He is an active member of POSNA, serving on the IPOS faculty since 2019 and co-chairing their education initiative. He served for many years on the Technology and Oversight and Website Committees which developed the new posna.org website in 2014 as well as OrthoKids, a patient education portal, and he has been a contributor to POSNAcademy, the online education platform for POSNA.

Dr. McPartland is a devoted husband to Joy and a dedicated father to three young children: Gavin, Emma, and Sarah. He enjoys coaching his kids in various sports, skiing, reading, and woodworking.
