

Andrea M. Spiker, MD, is an orthopaedic surgeon board certified and dual fellowship trained in orthopaedic sports medicine and hip preservation as well as subspecialty certified in sports medicine. She is the Program Director of the UW Orthopedic Surgery Sports Medicine Fellowship Program and Director of the UW Hip Preservation Program. She acts as the Associate Editor of Hip and Thigh for the *American Journal of Sports Medicine*. Dr. Spiker received her undergraduate degree from Wellesley College in Massachusetts, and prior to entering medical school worked as a speech writer for the National Science Foundation in Washington, D.C. and was a Fulbright Scholar to Berlin, Germany. She then received her medical degree from Georgetown University School of Medicine in Washington, D.C., and completed her orthopaedic surgery residency at the Johns Hopkins University in Baltimore, MD. She then completed two fellowships at the Hospital for Special Surgery in New York, NY – the first in Sports Medicine and Shoulder Surgery and the second in Hip Preservation, during which time she was a Fellow Team Physician for the New York Mets (MLB), the New York Rangers (NHL), the New York Liberty (WNBA) and St. Johns University Women's Soccer (Division 1). She is currently the head orthopaedic team physician for the UW Badger Men's Basketball team. Her clinical interests are in the non-operative and operative treatment of all sports and athletic injuries, with a surgical focus on treatment of the knee and hip, and additional expertise in hip arthroscopy, surgical hip dislocation and periacetabular osteotomy. Dr. Spiker has authored numerous textbook chapters, review articles, and peer-reviewed studies and has given local, regional, national and international presentations in the areas of sports medicine and hip preservation. She is an active member in American Academy of Orthopaedic Surgeons (AAOS), American Orthopaedic Society for Sports Medicine (AOSSM), Arthroscopy Association of North America (AANA), International Hip Preservation Society (ISHA), Alpha Omega Alpha (AOA) Honor Medical Society, American Orthopaedic Association (AOA), Ruth Jackson Orthopaedic Society (RJOS) and the Forum. She is a host for the *Arthroscopy Journal* podcast, and serves in numerous leadership roles for national societies. She has been awarded a number of teaching, research and mentoring awards, including the 2023 University of Wisconsin Dean's Award for Excellence in Medical Student Research Mentorship and the 2023 Arthroscopy Association of North America's Stephen J. Snyder Excellence in Teaching Award.
