

Dr. Sharon Babcock, MD is an Assistant Professor in the Department of Orthopaedic Surgery and Rehabilitation at Wake Forest University School of Medicine. She completed her orthopaedic trauma fellowship at The University of Texas Health Science Center at Houston in 2018 and has been on faculty at Wake Forest since. She is currently the Associate Chief Medical Officer at Atrium Health Wake Forest Baptist – High Point Medical Center, as well as the Director of Surgical Operations. She is the Perioperative Lead for surgical operations of the Wake Forest Network hospitals. She is a Patient Safety Advocate and Instructor for WakeWings – a patient safety program for procedural areas. She serves on multiple hospital committees including Unified Medical Staff Credentialing, Peer Review, Medical Executive Committee, and Surgical Governance. She enjoys teaching orthopaedic and podiatric resident locally, as well as teaching residents around the country through Resident Education Courses, as a faculty member for both the Orthopaedic Trauma Association (OTA) and the AO. Dr. Babcock has a particular interest in acute extremity fracture and nonunion care, as well as geriatric fracture prevention, focusing on osteoporosis treatment. She is married to Dr. Michael Reynolds, MD, plastic and hand surgeon. She enjoys spending time with their children, ages 6, 4, and 2, skiing, being outside, and listening to music.
