

## Virginia Casey Bio

Dr. Virginia Casey is a pediatric orthopedic surgeon with broad expertise in the diagnosis and treatment of musculoskeletal conditions, ranging from common strains to complex reconstructive hip surgery. Her clinical practice encompasses the care of newborns, adolescents, and young adults, with particular clinical interests in hip disorders and limb deformity.

Dr. Casey earned her Bachelor of Arts degree from the University of North Carolina and her Doctor of Medicine degree from the University of Oklahoma. She completed her orthopedic surgery residency at the University of Utah, followed by a fellowship in pediatric orthopedics at Texas Scottish Rite Hospital for Children in Dallas, Texas. She has been practicing at OrthoCarolina in Charlotte, North Carolina for more than twenty years and has served as Medical Director of this large orthopedic subspecialty group for the past decade.

Her academic accomplishments include multiple honors for outstanding resident research, excellence in academic performance, and demonstrated potential for meaningful contributions to the field of medicine. Dr. Casey has also been recognized for her commitment to education, having repeatedly received the Teacher of the Year Award as voted by residents and medical students. She introduced an innovative patient-centered initiative by incorporating a therapy dog named “Physis” into the clinic setting.

Outside of her professional responsibilities, Dr. Casey enjoys spending time with her husband and their three children. She remains active through hiking, playing tennis, and lake sports.
