

Dr. Charles Daly is an orthopaedic surgeon specializing in hand, shoulder, and elbow surgery. Dr. Daly has contributed more than 100 research works, book chapters, and presentations in the field of hand, shoulder, and elbow surgery. He currently serves on multiple committees for American Society for Surgery of the Hand, including writing questions for the annual national hand surgeon self-assessment exam.

He received an academic scholarship to attend the Calhoun Honors College at Clemson University, majoring in Genetics where he graduated magna cum laude. After graduating, he again received an academic scholarship to complete medical school at the Medical University of South Carolina where he graduated magna cum laude and as a member of the Alpha Omega Alpha medical honor society. Dr. Daly completed his Orthopaedic Surgery Internship and Residency at Emory University, receiving multiple accolades and awards for his outstanding research and was elected as a resident leader to the esteemed American Orthopaedic Association. After the completion of his orthopaedic surgical training, Dr. Daly went on to subspecialize in hand, shoulder, and elbow surgery at the prestigious Curtis National Hand Center. During his fellowship, he again received multiple awards for research while mastering clinical elective and emergent hand, shoulder, and elbow surgery.

Following his training, Dr. Daly was an assistant professor at Emory University in Atlanta, GA where he established the Upper Extremity Fellowship Program as well as served as chair of the Musculoskeletal

Quality Committee. After many great years in Atlanta, he was recruited back home to Charleston, SC, to work closely with his similarly named but unrelated partner, Dr. Dane Daley, as well as to serve as Vice Chair and medical director of musculoskeletal quality here at MUSC.
