

Safet O. Hatic II, DO, FAOAO is a fellowship-trained orthopedic surgeon specializing in foot and ankle surgery at Orthopedic Associates of SW Ohio. He completed fellowship training at the Orthopedic Foot and Ankle Center in Westerville, Ohio, following orthopedic surgery residency at Grandview Medical Center in Dayton.

Dr. Hatic has extensive experience in the surgical management of ankle arthritis, instability, sports-related injuries, and complex foot and ankle reconstruction. He currently serves as Chair of the Wayne HealthCare Orthopedic Center of Excellence and Medical Director for Wayne HealthSports and Wayne HealthCare Rehabilitation Services, where he is actively involved in program development, quality initiatives, and multidisciplinary collaboration.

A dedicated educator, Dr. Hatic serves as **Assistant Program Director of the Grandview Orthopedic Surgery Residency Program within the Kettering Health Network**, where he is closely involved in resident training, curriculum development, and surgical mentorship. He regularly lectures at regional and national meetings and remains committed to advancing orthopedic education through teaching, research, and professional service. He is board-certified in orthopedic surgery and is a Fellow of the American Osteopathic Academy of Orthopedics.

Outside of medicine, Dr. Hatic is married to **Dr. Anna Hatic**, and together they are raising two children. He leads an active lifestyle centered on endurance sports and adventure, having completed a marathon, numerous half marathons, and multiple 70.3 triathlons. He also enjoys motorsports and is deeply committed to generosity, personal growth, and community involvement.
