Dr. Keith Gettys is a pediatric orthopedic surgeon with broad expertise in the diagnosis and treatment of musculoskeletal conditions, ranging from common strains to complex reconstructive hip surgery and treatment of scoliosis. His clinical practice encompasses the care of newborns and adolescents, with clinical interests in hip disorders and spine deformity. Dr. Gettys earned a Bachelor of Science and a Bachelor of Arts degree from Virginia Tech and his Doctor of Medicine degree from the University of South Carolina. He completed his orthopedic surgery residency at the Carolina Medical Center in Charlotte, NC. He then completed a fellowship in pediatric orthopedics at Texas Scottish Rite Hospital for Children in Dallas, Texas. He has been practicing at Shriner's Children Greenville in Greenville, South Carolina for 11 years. His extensive training includes a one-year research fellowship at Carolinas Medical Center where he worked to understand the healing process for large bone defects. He is also the co-author of an intensive study regarding the validity of orthopedic information available on the internet. His academic accomplishments include multiple honors for outstanding research, excellence in academic performance, and demonstrated potential for meaningful contributions to the field of medicine. Dr. Gettys has also been recognized for his commitment to education, having received the Teacher of the Year Award as voted by residents. Dr. Gettys is a former competitive swimmer at Virginia Tech University, a dog lover, and enjoys spending time cooking with his wife, daughter and son.
