Dr. Joshua C. Rozell is an Associate Professor in the Department of Orthopaedic Surgery at NYU Langone Health, where he also serves as Chief of Orthopaedic Surgery at NYU Langone Hospital Brooklyn and Associate Director of the Orthopedic Surgery Residency Program. Dr. Rozell specializes in the care of patients with hip and knee disorders, and performs primary and revision total joint arthroplasty. He earned his medical degree from Drexel University College of Medicine with induction into the Alpha Omega Alpha Honor Society, completed his orthopaedic surgery residency at the Hospital of the University of Pennsylvania where he served as an Administrative Chief Resident, and went on to fellowship training in adult reconstruction at The Steadman Clinic in Vail, Colorado. He was a 2023 Knee Society John N. Insall travelling fellow and the inaugural research fellow for the American Joint Replacement Registry. He has served on multiple committees for the American Association of Hip and Knee Surgeons and the AAOS.

In addition to his clinical leadership, Dr. Rozell is widely recognized for his contributions to orthopaedic research, education, and innovation. His research focuses on arthroplasty outcomes, database research, and patient-reported outcomes, and he has authored more than 180 peer-reviewed publications and book chapters in these areas. He has received numerous honors, including being named William L. Jaffe Teacher of the Year at NYU Langone and being recognized among the Top 1% of Orthopaedic Researchers by Becker's Review. Dr. Rozell is also deeply involved in resident and fellow education, curriculum development, and national teaching courses, reflecting his commitment to advancing the field of orthopaedic surgery through both scholarship and mentorship.

Dr. Rozell enjoys spending time with his wife Amanda and two daughters Charlotte and Remi.
