Short Bio for Anna D Vergun

I have a clinical focus on limb difference/deficiency and lower limb deformity and am a member and past president of the Association of Children's Prosthetic and Orthotic Clinics and am a member of the Limb Lengthening and Reconstruction Society. I have research interests in fetal MRI, prenatal counseling, pediatric amputees, and post-operative pain management and opiate stewardship in the pediatric orthopedic population. I am passionate about international medicine and collaborative education. For the past decade I have worked in the middle east with a focus on training pediatric orthopedic fellows, mentoring local providers, and improving care for child amputees via multidisciplinary care. I am currently working as the Division Chief at UNC Chapel Hill in North Carolina and have three children and four horses.
