Dr. Naziri is a board-certified orthopaedic surgeon specializing in adult hip and knee reconstruction. He did his undergraduate studies at the University of Nevada, Las Vegas, and his received medical degree from the American University of Antigua. He completed an orthopaedic research fellowship at the Rubin Institute for Advanced Orthopaedics Center for Joint Preservation and Reconstruction, followed by Orthopaedic Surgery residency at SUNY Downstate Medical Center, where he was named Resident of the Year and inducted into Alpha Omega Alpha. He then completed a fellowship in Adult Reconstruction at Cleveland Clinic Florida. He also holds an MBA, reflecting his interest in the operational and strategic dimensions of healthcare delivery.

Dr. Naziri founded the Institute for Joint Restoration (IJR), a high-volume arthroplasty program within the NYC Health + Hospitals system based at Kings County Hospital, built to demonstrate that safety-net institutions can deliver high-quality joint reconstruction to complex, high-risk patient populations at scale. His research focuses on total joint arthroplasty outcomes, complication prevention, and patient safety, with over 137 peer-reviewed publications and 70 presentations. He serves as Deputy Editor of the European Journal of Orthopaedic Surgery and Traumatology and as a peer reviewer for the Journal of Arthroplasty and the Journal of Bone and Joint Surgery.

As Associate Program Director and Clerkship Director of the Orthopaedic Surgery Residency, Dr. Naziri is central to resident and medical student education at SUNY Downstate, where he was named Attending of the Year. He maintains active leadership roles in the AOA's Future Leaders Program, AAHKS, AAOS, and the Brooklyn Orthopaedic Society, and completed a traveling fellowship with the Anterior Hip Foundation
